

Art for Design Lovers

Equilibrium

A fresh perspective on Modernism

Equilibrium artwork evolved through a meditation on the themes of order and disorder that underpin FoW's conceptual approach to design.

Drawn from the symmetry and design language of the Solar and Flux designs, Equilibrium brings balance, beauty, and originality to contemporary interiors.

Made from natural and sound absorbent wool felt with a cork backing and hand finished, stained lime wood frame.

Product details

Size: 600x850x30mm

Materials

5mm thick 100% wool felt with 5mm cork backing
