

Hanging Screen

Cascade

Unique
Surprising
Durable

Friends of Wilson

Cascade is a modular screen system made from 100% wool felt panel with a simple solid oak fixing.

Cascade blends functionality and distinctive design to bring warmth and personality to workplace interiors, and create comfortable, semi-private areas for working and relaxing.

Flexibility modularity and adjustable height hanging track allows different screen sizes and layouts to be created, guaranteeing a unique installation for your space. Circles, colour-blocking or a cut-out doorway? It's entirely up to you.

Plus, all the screen's materials are natural, sustainable, hypo allergenic and recyclable ensuring you meet all your project's green credentials.

Cascade

Application

Cascade hanging screen is a versatile, easy to install screening solution for all kinds of interior spaces including:

- Open plan office
- Reception
- Restaurant
- Board and meeting rooms
- Glass fronted meeting rooms
- Break out spaces
- Home office

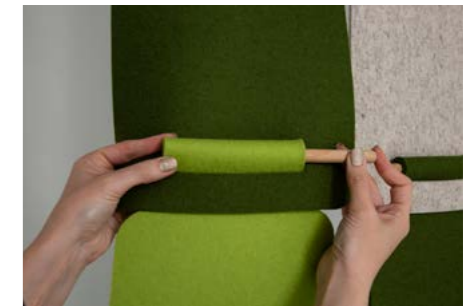

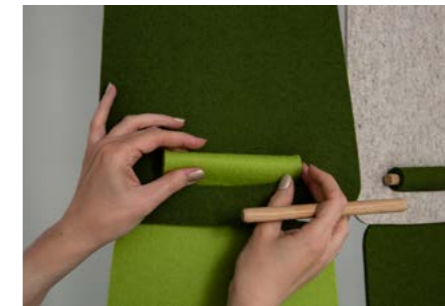

Specification

- 100% natural wool felt with solid oak or walnut dowel fixing
- Adjustable height options
- Available in sixteen colours and Pantone colour match
- Felt passes fire tests BS 5867: Part 2: 2008 and Crib 5
- 30mm diameter hanging rail with 10mm diameter vertical rod in white finish
- Felt dyed using environmentally friendly products
- Each section weighs 150g / Felt density: 0.30g/cm³
- British designed and made

Features

- Divide and maximise space while retaining an open plan feel
- Create flexible areas for individual and co working
- Interchangeable, modular product for small or large spaces
- Unique design concept
- Soft, tactile 100% natural and sustainable materials (screen)
- Absorbs sound for increased comfort and privacy
- 100% renewable, biodegradable and non-toxic natural wool fibres
- Simple installation
- Self-extinguishing and inherently fire-retardant wool fibres

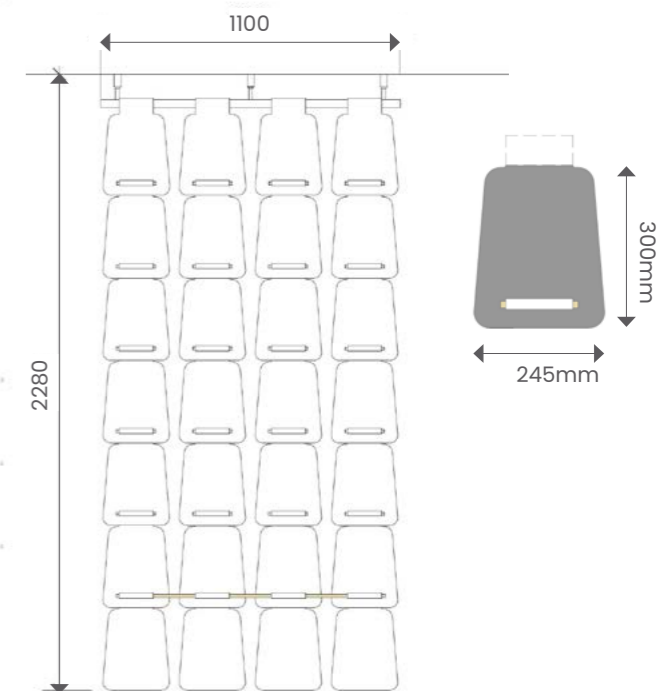

Installation

Cascade's top panels slide on to a suspended rail available with adjustable height, ceiling fixed hanging rods. The remaining rows are then simply attached with wooden dowel rods and the separate columns held together with longer rods on the bottom panel row.

Layout

Multiple options available to suit your space and scheme.

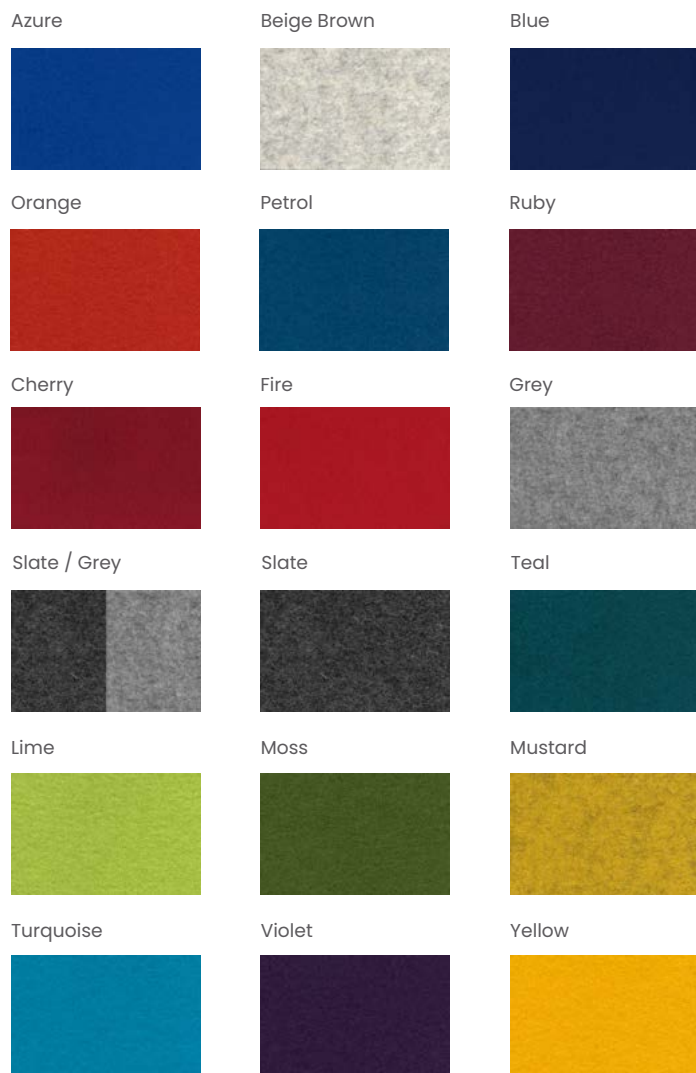

Cascade

Cascade's overlapping and gently tapered modular panels create a distinctive yet elegant screen.

Reconfigure Cascade to match tastes and the changing ways you work. Playful, tactile and surprising, Cascade delivers effective sound absorption through its solid, overlapping 100% wool felt. A guaranteed conversation-starter that you can use to divide and enhance any open plan space.
